

Attended the Soo branch of Michigan Tech in 1958 & 1959 working towards a BS in Forest Management. Completed my degree at MCMT, in Houghton.

Retired from the Rouge River National Forest in 1994. During my career I worked on six National Forest, Logistic Chief on one of the six National Fire Teams. Our Team was the first fire team sent to a foreign nation (Canada). If you ever run across the 1958 Obelisk year book, its cover shows my 1952 Desoto parked in front of the Administration building. Enjoyed my two years there even living in Brady Hall, as a Detroit city kid out on his own in the UP.
